Hi Darlene and Charles – the “one briefing” I referred to would be a call-in briefing for all concerned staff (be they in NJ or DC) from the offices of the two Senators as well as the offices of the Congressmen whose districts are directly affected by the project.

We hope to make plans in the next week or so, and I will certainly keep you in the loop on developments.

Thanks!

Hi Chris,

Thanks for replying back to me. The briefing you are referring to I’m sure regarding The Passaic River do you know about how soon it will be set, will it be in DC with NJ Congressional Members or just staff from NJ Offices. I have cc’d Charles Makings on this email.

Hi Darlene – just picked up your v-mail – I did not receive an email from you yesterday, but, we've been having email issues.

FYI, below is the email I sent Charles to offer a briefing.

We have received several similar requests from other Congressional offices in the past few days, and we are considering doing one briefing for all offices – I will certainly keep you posted on that; we hope to have that worked out very soon.

Thank you!

Hello Charles,

I've been asked by our DC office to follow-up on your request for a briefing on EPA's Focused Feasibility Study of the Passaic River.

Attached fyi, is the Congressman's recent letter to EPA on this subject, and our reply, which was signed yesterday.

Please let me know some dates/times that would work for you all for a briefing – thanks!
